# Welcome Baby

## To Install Lightroom Presets & Brushes

Your download includes a 2 folders. One for Brushes, and one for Presets.
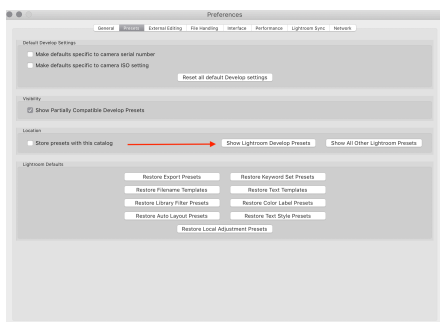

To Install Presets:
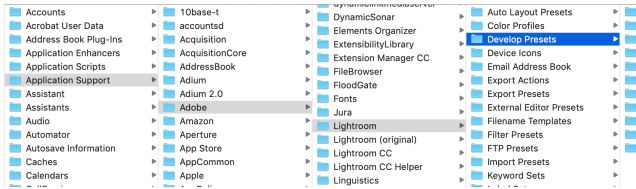

FOR THE NEWEST VERSIONS OF LR

1. Open your Zip File and save the folder in an easy to find location.

1. In LR, go to File > Import Develop Profiles and Presets. (This will also install them for ACR)

2. Navigate to where you have your Welcome Baby Presets. Open one of the 4 folders in "WB - Darling Little Presets" and select all and click "Import" You will need to do this 4x. One for each folder.

3. Restart LR and you will be done. You will find your Welcome Baby Presets in the Preset Panel in the Develop Module. Enjoy!

FOR OTHER VERSIONS OF LR Classic CC

1.Open your Zip File and save the folder in an easy to find location.
2.Navigate to your WB - Darling Little Presets folder and select all 4 folders and Copy them (Command + C on a Mac or CTRL + C on a PC) do not copy any PDFs or Brush folders).

3. Open Lightroom Preferences
    Mac – Lightroom > Preferences
    PC – Edit > Preferences

4. Click where it says "Show Lightroom Develop Presets" and navigate to the Develop Presets folder. (see below for other possible locations) Paste (Command + V on a Mac or CTRL + V on a PC) the entire preset collection folders into the Lightroom Develop Presets folder.

5. Restart Lightroom they will show up in your Presets Panel in the Develop Module. Enjoy!

Possible locations for your Develop Preset Folder.

Macintosh: /Users/UserName/Library/Application Support/Adobe/Lightroom CC\Develop Presets

Windows: C:\Documents and Settings\UserName\Application Data\Adobe\Lightroom CC\Develop Presets

Windows 7 & 10: C:\Users\UserName\AppData\Roaming\Adobe\Lightroom CC\Develop Presets
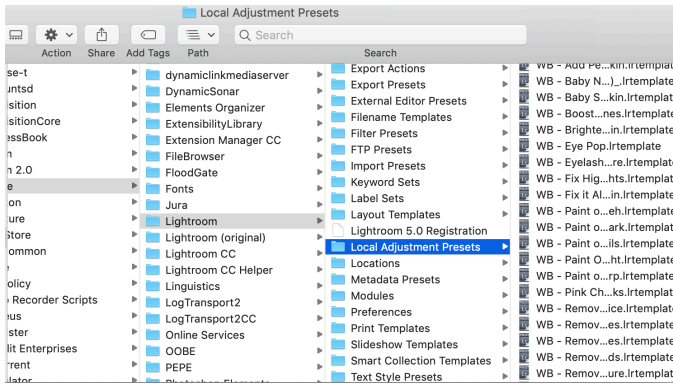

To Install Brushes:

1.Navigate to where you save your WB Little Darling Presets, and open the folder titled "WB - Darling Little Brushes". Select All and Copy.

2. Open Lightroom Preferences
    Mac – Lightroom > Preferences
    PC – Edit > Preferences

3. Choose "Show all other LR Presets"

4. Navigate to "Local Adjustment Presets" and paste your brushes into this folder.

5. Restart LR and they will show up in your Brushes. Enjoy!

Thank you so much for your purchase, and I hope you enjoy your editing!
